MB REAL ESTATE CELEBRATES INTERNATIONAL WOMEN'S DAY 2019

CHICAGO, March 8, 2018 – MB Real Estate (MBRE) is celebrating International Women's Day 2019, as well as Women's History Month, with a digital campaign dedicated to women in commercial real estate. The campaign is comprised of a content series spotlighting MBRE's women professionals and their achievements, the issues working women continue to face in the industry and other trades, and the importance of diversity.

"Women are trailblazing in industries that were once entirely male-dominated, but we are still very underrepresented at the highest level in almost every business," said MBRE's EVP & COO Patricia Aluisi. "If companies want to optimize decision making and be future-proof, then we need more women at the executive, C-suite, and owner level. At MBRE, our goal isn't just to have women in the room, but to give them seats at the table where they can be heard and lead."

Patricia is on the Advisory Board of DePaul University's Women in Entrepreneurship Institute, the nation's first comprehensive institute for women founders that integrates academic learning, research, incubation, funding, and public policy.

MBRE's kickoff piece for Women's History Month features 15 of the firm's women professionals who represent a diverse set of backgrounds and specializations.
