MB REAL ESTATE PROMOTES GRAFF TO EVP OF PROJECT SERVICES

CHICAGO, FEBRUARY 14, 2017 – MB Real Estate (MBRE) announced today that David Graff has been promoted to executive vice president of the Chicago-based real estate services firm’s Project Services division.

“David has grown the Project Services business unit into a major factor in the success MBRE has achieved over the last several years,” stated Peter Ricker, chairman and CEO of MB Real Estate. “And, for our clients, we are able to effectively integrate Project Services with Corporate and Asset Management Services. This results in much better efficiency - saving money and time.”

“A good example of this is our ongoing work Astellas Pharmaceutical,” added Graff. “Our team oversaw the 440,000 square foot, LEED Gold development of their headquarters building in Glenview. What began as a lease through MBRE’s Corporate Services & Tenant Advisory group grew into development and management services, all provided by MBRE. Now we have completed over 30 projects in New York, California, Colorado, São Paulo and Toronto, among other cities, and have numerous more underway.”

Project Services is currently responsible for the development of more than \$200 million worth of hospitals, medical office buildings and ambulatory care facilities.

About MB Real Estate Services Inc.

Founded in 1982, MB Real Estate is a full-service real estate organization that provides multifaceted expertise in Asset/Facilities Management; Leasing Services; Project/Construction Management; Tenant Representation; Development Management and Investment Services.
